Product Data Sheet —

Rolland for the Kitchen

DESCRIPTION

Rolland is a paper roll holder for both kitchen and bathroom use. Each piece is cut from solid aluminium and rumble polished. A natural cork base protects benchtops and floors and keeps the holder steady in place.

In the kitchen, Rolland holds a single paper roll for everyday use. In the bathroom, it carries up to three spare toilet rolls, stacking neatly and staying within easy reach. The aluminium surface is unsealed; small variations from the process are part of the finish.

Design: David Caon & Henry Wilson 2021
